

ENHANCING TEACHING AND LEARNING ENGLISH IN A DIGITALIZED WORLD (ENGAGE)

Erasmus + KA2 Strategic Partnership
Project n. 2020-1-EL01-KA201-078940

Modernize teaching practices through upgrading teachers' knowledge and skills

The aim of the ENGAGE project is to provide teachers with the necessary skills to be better prepared to teach in a digitalised world. The participants will enhance their skills by taking part in three dedicated trainings where they will exchange best practices and learn about the following topics:

- Digital tools for teaching English
- CLIL for language teachers
- Online teaching and learning

The partnership is made up of organisations from different EU countries:

- **Esperino Gymnasio - Greece**
- **Istituto di Istruzione Superiore Einstein De Lorenzo - Italy**
- **Kairos Europe Limited - United Kingdom**
- **Future Focus Ltd - Malta**
- **Epralima- Portugal**
- **Mpirmpakos D. & SIA O.E - Greece**

**PROJECT DURATION:
2020-2022**

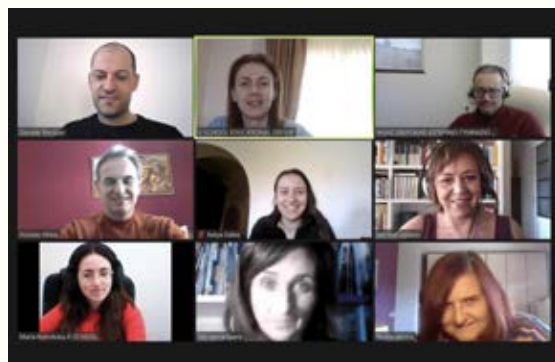

**LEARNING NEW TOOLS
AND METHODS TO MAKE
CLASSES MORE
INTERACTIVE**

**ENHANCING TEACHERS'
METHODS AND TOOLS**

**DEVELOPING
INTERNATIONAL
COOPERATION BETWEEN
EUROPEAN SCHOOLS AND
ORGANISATIONS**

First steps of the project and next activities

Partners met on already 2 occasions to discuss about the project implementation. The first online meeting was held in December 2020, the second one in February 2021. During the meetings, partners discussed about the next project activities, in particular the organisation of the first training activity, which should take place in the UK. This activity will focus on integrating **educational apps** and **digital tools** into teaching. It remains to be seen whether this activity will take place online or face to face.

Enhancing teachiNG And learninG English in a digitalized world
