EU PROJECTS

On 12th November partners had the chance to meet in Potenza to discuss about the project implementation.

Hosted by IIS Einstein-De Lorenzo, partners discussed about the progress of the project and planned the next steps.

Training in Malta, September/October 2021

Between the 28th of September and the 1st of October, the first Learning Teaching Training Activity was held in Malta. Future Focus Ltd was in charge of organising a training session on CLIL (Content and Language Integrated Learning).

During this session, the participants learned how to plan a CLIL session, and how CLIL is used on a daily basis in the majority of schools in Malta. Malta is a bilingual country with residents from all over the world.

During their free time, the participants got to enjoy local cuisine such as ġbejniet, pastizzi, bigilla, fenek and imqaret. They also visited the old capital city, Imdina, and some partners also had the time to visit the sister islands, Gozo and Comino.
