MEETING MINUTES

The usual on-line meeting of our project was held on 14 July 2022 with the participation of all partners. One of the key points of the meeting was GSW Guideline for Interview Recording. All details were clarified about the Interview Recording. These are: An interviewee sitting in a chair with a dark background and her over-body should be recorded like the example. The chair should not be visible. You as interviewer sit directly next to the video camera, not visible in the interview.

You can interview 30 – 60 minutes, but the length can be up to you and group dynamics.

The interview should be a semi-structured dialogical interview, it means that you can create a trustful relationship between you and interviewee and conduct more free conversation asking following questions:

- Why did you flee?
- How was it to flee?
- Do you feel welcome here?
- What did you leave behind?
- What do you value about your culture?
- What makes you feel at home?
- What are your hopes/goals/dreams?

Detailed information was given about the Second Meeting which will be held in Croatia on September 26, 2022. Deadlines for the work to be done have been determined.
