ACTIVITIES IMPLEMENTED DURING THE PROJECT

Training in Greece, December 2021

The project consortium has implemented three learning teaching training activities.

1st LTTA in Malta

The goal of the 1st activity was to show teachers how to teach language teachers how to use CLIL methodology during their lessons.

2nd LTTA in Greece

The goal of the 2nd activity was to familiarize teachers with the opportunities that online teaching and learning puts at their disposal. With the outbreak of Coronavirus being declared a pandemic by the WHO, people worldwide were faced a major challenge. COVID-19 had revived the need to explore online teaching and learning opportunities.

3rd LTTA in UK

The goal of the 3rd activity was to make teachers familiar with some of the most suitable educational apps for language teaching and learning. They upgraded their skills and their pedagogical approach and gained practical experience to be able to foster students' engagement and motivation.
