STEPS HANDBOOK

The STEPS partnership proudly announces the completion of the **STEPS Handbook – Preventing Early School Leaving: Strategies, Best Approaches and Guidelines**, a comprehensive educational resource developed collaboratively by all partners.

This Handbook represents a major intellectual output of the project and provides **sustainable, long-lasting solutions** to one of Europe's most persistent educational challenges — **early school leaving (ESL)**.

A Collaborative Effort

After the second Transnational Project Meeting, partners joined forces to design and structure the Handbook through a shared process of drafting, reviewing, and enriching the content.

All partners provided **inputs, examples, and national insights** to ensure the Handbook reflects the diverse realities of **European education systems**.

A Practical Companion for Educators

The STEPS Handbook is a **hands-on guide** that helps teachers:

- Detect early signs of student disengagement.
- Create inclusive, motivating classrooms.
- Strengthen school-family-community collaboration.
- Apply flexible learning models tailored to students' needs.

With clear strategies and real examples, it empowers educators to turn challenges into opportunities and ensure **no learner is left behind**.
